

CALL FOR THE LONG-TERM PHYSICAL MOBILITY OF STUDENTS WITHIN THE ERASMUS+ PROGRAMME FOR THE 2024/2025 ACADEMIC YEAR

University of Nova Gorica is launching a call for the mobility of students for the purpose of STUDYING abroad in the 2024/2025 academic year

I. THE PURPOSE AND OBJECTIVES OF THE CALL

Erasmus+ is the EU programme that supports activities in the fields of education, training, youth and sports. The purpose of the Erasmus program is to raise the quality of education and training, thereby strengthening social cohesion and the competitiveness of the EU economy. Erasmus+ aims to enable the participation of as many individuals as possible, especially those from environments with fewer opportunities, and highlights and as key the contents and activities of inclusion, participation in democratic life, shared values and civic engagement, environmental preservation and the fight against climate change (green Erasmus+) and transition to a digital society.

The Erasmus+ programme enables students to complete part of the study obligations of the enrolled programme at any level of study at a partner institution abroad rather than at the University of Nova Gorica (home institution). Partner institutions are institutions with which the University of Nova Gorica has signed an interinstitutional agreement on student exchange. The list of partner institutions and data on the amount of grants by groups of countries are available at: <https://www.ung.si/sl/mednarodna-projektne-pisarna/mobilnost/erasmus/>

The period of long-term physical mobility abroad can run for no less than 2 and no more than 12 months at each level of study; moreover, the mobility is to be carried out in the period from 1 October 2024 to 30 September 2025. The student may combine the period of physical mobility with the period of virtual mobility, which may last up to a total of 12 months. Virtual activity is not financed by Erasmus+.

The mobility objectives:

- Improvement of learning competences,
- Increasing employability and employment opportunities,
- Increasing self-initiative and entrepreneurship,
- Increasing self-confidence and self-esteem,
- Improving knowledge of foreign languages and digital competences,
- Increasing intercultural awareness,
- More active participation in society,
- Strengthening positive interaction with people from different background,
- Better knowledge of EU projects and EU values,
- Increasing motivation for further education (formal and informal),
- Training after completing mobility.

The student is to obtain a minimum of 20 ECTS per semester at a partner institution. Successfully completed obligations at the partner institution are recognised at the home institution based on a study agreement concluded before the departure.

The student may not undergo mobility in the country of his/her residence or in the country of the sending institution.

In principle, the student status during mobility abroad is treated as equivalent to the status of students at a partner institution. All sources of scholarship from the home country remain unchanged; moreover, the student is not obliged to pay tuition at the partner institution. The partner institution may not charge tuition, enrolment, exam, etc. fees to the visiting Erasmus+ student. Small amounts, e.g., costs of insurance, photocopies, etc., may be charged to the student.

According to the national rules of the home institution, each student is entitled to receive financial support within the Erasmus+ programme. Financial support is exclusively aimed at co-financing the costs of eligible activities and in no case covers all mobility costs.

Students selected for the Erasmus+ mobility program are recommended to undergo online language assessment (OLS) for the language they will be using during their mobility, via the EU Academy platform before their departure.

A student of the University of Nova Gorica who meets the following conditions may apply to the call:

- is enrolled in at least the second year of the first-stage studies while studying abroad;
- has an active student status at the University of Nova Gorica during the mobility period;
- has not yet taken advantage of 12 months of exchange under the Erasmus+ programme at the level of study to which he/she will be enrolled in the 2024/2025 academic year (the total of already completed studies and completed and requested practical training abroad may not exceed 12 months per individual study level - virtual activity is excluded).
- Passing an exam in at least one mandatory subject in the study program in which the student is enrolled.

IV. CONTENT OF THE APPLICATION TO THE CALL

A student wishing to apply to the call is to submit a complete application with the following forms or documents enclosed:

- the application form attached to this call;
- a motivational letter in English, which must also show courses you want to take at the partner institution indicated in the application (at least one and no more than two pages);
- Certificate of completed exams (Transcript of records)

V. METHOD OF APPLICATION AND DEADLINE FOR SUBMITTING APPLICATION

The deadline for submitting the application is **7TH March 2024**.

The application must be sent to the Erasmus+ institutional coordinator of the University of Nova Gorica in an electronic format to: international.office@ung.si.

The Erasmus+ institutional coordinator of the University of Nova Gorica will not consider incomplete applications - they are to be returned to the sender. Late applications will be placed on a reserve list.

VI. SELECTION PROCEDURE

Opening and checking the basic fulfilment requirements of the applications to the call as well as the formal examination of the applications will be performed by the Erasmus+ institutional coordinator of the University of Nova Gorica.

Applications from students who do not meet the basic conditions for applying to the call will be rejected.

Erasmus+ institutional coordinator of the University of Nova Gorica will forward complete applications submitted in due time to the faculty/academy to which the student is enrolled, where the application will be assessed based on a motivational letter (0 to 10 points). A priority list of candidates for each host institution will be drawn up based on the number of points achieved and the availability of places by individual partner institution.

The Erasmus+ institutional coordinator will draw up a priority list of candidates for the allocation of financial support for the entire University of Nova Gorica based on the priority lists of individual faculties/academy.

If the European Commission or the National Agency (Centre of the Republic of Slovenia for Mobility and European Education and Training Programmes) does not approve sufficient funds for the implementation of all applied mobilities, priority will be given to students with less opportunities. higher year students. If the number of these mobilities also exceeds the approved funds, priority will be given to students with a higher average grade.

If the University of Nova Gorica does not receive sufficient funds from the European Commission or the National Agency (Centre of the Republic of Slovenia for Mobility and European Education and Training Programmes) to carry out all the applied mobilities, priority for the allocation of financial support will be given to students with less opportunities. If the number of these mobilities also exceeds the approved funds, priority will be given to higher-year students.

Students will be notified of their inclusion on the list of candidates of the University of Nova Gorica by the Erasmus+ institutional coordinator via the e-mail address provided in the application.
