

Nova Gorica, 2026

University of Nova Gorica, tuition fee policy

for students enrolled from 2026/2027 onwards

Dear students,

Please kindly note that the University applies the following tuition fee policy:

1. Students may withdraw from their studies before December 1 and be eligible for a tuition fee refund. In such cases, 90% of the full tuition fee will be refunded, excluding the University IT fee.
2. In the event that a student's temporary residence permit application is refused, 90% of the tuition fee will be refunded. Please note that the University IT fee (15 EUR) is non-refundable. However, if the refusal results from the student's failure to comply with legal requirements or to submit the necessary documentation, the tuition fee will not be refunded.

Special note: Students of Leadership in Open Education master study programme (School of Engineering and Management) have their courses on-line, therefore tuition fee can not be refunded in the case of temporary residence refusal.

Kind regards!

Student Office Team
