INVITATION TO THE LECTURE

entitled

Radon: Locally, Nationally, and Globally

Prof. dr. R. William Field

Department of Occupational and Environmental Health
University of Iowa, USA

Thursday, April 19th 2007 at 16:00

Lecture hall 201 of the School of Environmental Sciences,
Via Croce 3, Gorizia, Italy

Prof. Bergman is an associate professor at the Department of Occupational and Environmental Health and Department of Epidemiology of the University of Iowa. His current research interests include: cancer epidemiology, environmental epigenetics, environmental/occupational epidemiology, radon epidemiology, health physics, human toxicology, immune-mediated disease registries, novel retrospective exposure assessment methods, radioepidemiology, risk perception/communication and ultrafine and nanoparticle health effects.

This lecture will focus on radon epidemiology and it is a part of Global Environmental Health Course at the University of Iowa. It will be held via the Elluminate Live web conferencing program.

Kindly invited!
