

University of Nova Gorica, Vipavska cesta 13, 5000 Nova Gorica, Slovenia

University of Nova Gorica is publishing an open position:

**1. POSTDOCTORAL RESEARCHER or RESEARCH FELLOW (m/f)
from the fields:**

- **Natural Science or Environmental Science**

It is expected that the applicant:

- holds a Ph.D. degree from the relevant field
- has the academic title of Assistant or Assistant Professor (docent), or fulfills the academic criteria for obtaining these titles at the University of Nova Gorica
- will accept teaching duties in academic programmes at the University of Nova Gorica

The selected candidate will be involved in the international research project ***ASTIS and GOTRAWAMA***. The project ASTIS aims to prepare background documents for the management of transboundary groundwaters in the Soča River Basin, with an emphasis on integrated management of transboundary aquifers, particularly the improvement of qualitative and quantitative status, effective protection and use of transboundary aquifers.

The main objective of the GOTRAWAMA project is to develop cross-border water management in the urban area of Gorizia and Nova Gorica.

The selected candidate will, according to her/his habilitation, take over university lectures on School of Environmental Science.

The position will start on approximately July 1, 2013. Appointment will initially be made for one year with possible extension.

Please send your application with evidence that you meet the mentioned criteria, a short CV with bibliography and a description of your field of work.

Application Deadline: until the position is filled.
