

Vipavska cesta 13, 5000 Nova Gorica

The University of Nova Gorica is announcing an open position for

**POSTDOCTORAL ASSOCIATE IN THE FIELD OF MOLECULAR/CELL BIOLOGY  
AND ANTIMICROBIAL ACTIVITY (m/f)**

**Candidates who are interested in the possibility of a promising research and academic career at the [University of Nova Gorica](http://www.ung.si) are invited to participate. We offer a position in a dynamic research environment, supported by state-of-the-art research equipment and with strong involvement in the international research community.**

The work will take place in the [Laboratory for Environmental and Life Sciences](#), in the field of molecular/cell biology, biotechnology and antimicrobial activity. The selected candidate will also take on teaching responsibilities in the fields of molecular biology and biotechnology in one or more study programs at the university.

Candidates are expected to:

- hold a PhD in molecular/cell biology, microbiology or similar fields,
- have a good command of the English language,
- preferably have research experience abroad (1 year or longer).

The selection procedure will take into account theoretical knowledge and practical experience in one or more of the following fields: biotechnology, molecular and cell biology, biochemistry, flow cytometry and microbiology, analytical instrumental techniques (as evidenced by the bibliography of relevant scientific articles in international journals).

The position will be available as soon as the selection process is completed and no later than **1 December 2021**. Selected candidate will be appointed on a full-time basis for 12 months, with a possible extension of the contract.

Please submit:

- CV with certificates of academic degrees.
- Letter of motivation with research experience.
- List of publications.

Applications are to be sent by e-mail **as a single file in pdf format** to the University of Nova Gorica, Personnel office, E-mail address: [tea.stibilj.nemec@ung.si](mailto:tea.stibilj.nemec@ung.si)

Deadline for applications: **25 October 2021**

Additional information:
