

Vipavska cesta 13, 5000 Nova Gorica

**The University of Nova Gorica is offering position of
ASSISTANT
in the field of material science (m/f)**

We invite applications from candidates interested in solid-state physics and material science. The successful candidate will be directly involved in research work in the field of synthesis and characterization of thin films and nanostructured materials in Materials Research Laboratory.

In accordance with their appointment, the successful candidate will also take on teaching duties in the field of physics or material science in selected study programmes at the university.

The employment will be possible immediately after the selection procedure or when agreed. The employment is offered for full-time working hours over a fixed term of one year with possibility for extension.

The successful candidate must satisfy the following requirements:

- Master's (2nd-cycle) degree or equivalent in the field of materials, chemistry, physics or similar, with average grade not less than 8.0,
- good command of English.

Desired skills:

- experience in synthesis of 2D materials.

The application should include:

- cover letter,
- CV including contact details,
- list of relevant publications,
- a short motivation letter,
- a copy of the 2nd-cycle degree (or equivalent) certificate,
- other relevant documents.

The application deadline: 17. 11. 2022

Send your application, along with the required supporting materials, via e-mail to tea.stibilj.nemec@ung.si. **The application should be sent as a single pdf e-mail attachment.**

Inquiries regarding the application procedure should be directed to Tea Stibilj Nemec by email at tea.stibilj.nemec@ung.si or by phone at +386 5 6205 822.

For additional information regarding the research tasks, please contact prof. dr. Mattia Fanetti, mattia.fanetti@ung.si
