

Vipavska cesta 13, 5000 Nova Gorica

The University of Nova Gorica has a vacancy for the position of

ASSISTANT PROFESSOR OR ASSOCIATE PROFESSOR IN THE AREA OF SYNTAX-SEMANTICS INTERFACE

We are looking for candidates interested in pursuing a rewarding research and academic career at the [University of Nova Gorica](https://www.univ-nova.si/). We offer a dynamic research environment supported by state-of-the-art research equipment and a pronounced international orientation.

The work will be conducted in the [Center for Cognitive Science of Language](#). The successful candidate will join the research group working on an Slovenian-Research-and-Innovation-Agency-funded project investigating the empirical and theoretical aspects of flexible word order in Slavic languages, led by prof. dr. Artur Stepanov. The candidate will contribute, in particular, to developing theoretical models of linearization of syntactic constituents and to investigation of factors at the syntax-semantics interface that affect their surface ordering. They will also be asked to take over moderate teaching and administrative obligations at the university's linguistics study programs.

The successful candidate will be employed on a full-time basis for a fixed term of one year. The expected start date is September 1st, 2024.

To be considered for the position, candidates should have:

- a PhD in Linguistics with a specialization in syntax, semantics and/or syntax-semantics interface,
- a track record that evidences fulfilment of the University of Nova Gorica's minimum requirements for assistant or associate professor, or a valid title of assistant or associate professor from another institution,
- a strong publication record in topics at the syntax-semantics interface,
- expertise in model-theoretic semantics,
- a fluent command of English,
- ability to work independently as well as part of a project team,
- excellent communication skills.

The following will be considered an advantage:

- research experience in interface issues related to constituent linearization, numerosity and/or derivation of implicatures,
- knowledge of Slovenian or another Slavic language at the B2 level.

The following documents must be submitted:

- certificate(s) of education,
- a CV detailing previous research experience and reflecting the fulfilment of the above stated application requirements and, if applicable, advantages,

- evidence of holding a valid title of assistant or associate professor from another institution, if applicable,
- list of publications,
- a copy of a representative publication,
- a short research statement,
- names and electronic addresses of two referees that can be contacted for references.

The application deadline is 30. 6. 2024

Please send your application, along with the required supporting materials, to careers@ung.si. The application should be sent as a single pdf e-mail attachment.

Inquiries regarding the application procedure should be directed to Nina Cotič by email at careers@ung.si or by phone at +386 5 6205 817.

For additional information regarding the research tasks, please contact prof. Artur Stepanov at arthur.stepanov@ung.si.
